

Waterdogs **DAYCARE** & INDOOR DOG POOL

Water Rehab & Canine Massage Clients:

- 💧 We require ALL dogs to have a vet referral form before you come for your initial visit. If your dog has any medical conditions, had surgery or who has been diagnosed with any disease, we require as much detail as possible. Please speak with your vet before coming to see us as we prefer to work with your vet's input and ask that you have them fill out our [Vet Referral Form](#).
- 💧 Waterdogs Daycare is not a veterinary clinic, and Janet or any of the staff are NOT veterinarians. The services provided are not medical procedures.
- 💧 We work with the guidance and co-operation of veterinarians.
- 💧 For dogs recovering from surgery or any other veterinary procedure, a vet must give the ok before we proceed with massage and/or aquatics.
- 💧 At no time will the team at Waterdogs Daycare diagnose, recommend treatment methods and/or determine the health of your dog.
- 💧 Any consultation or assessment provided by Waterdogs Daycare is intended solely as a review of the referring veterinarian's recommendations.
- 💧 Owners must inform the staff at Waterdogs Daycare of ANY changes in their dog. E.g. Health, personality, mobility, etc, **IMMEDIATELY!!**
- 💧 Waterdogs Daycare is not responsible for any injuries, damages or loss incurred by dogs or their guardians as a result of the use of the facility.

I have read and understand all of the above and am in full agreement of all fees and regulations stated by signing below.
